What are the key risks that are specific to the issuer?	<p>Set out below is a summary of the most material risk factors specific to the issuer</p> <ul style="list-style-type: none"> • The value of a venture capital trust depends on the performance of the underlying assets. It can take a number of years for the underlying value or quality of the businesses of smaller companies, such as those in which the Company invests, to be fully reflected in their market values and their market values are often also materially affected by general market sentiment, which can be negative for prolonged periods. • The Company's investments may be difficult, and take time, to realise. There may also be constraints imposed on the realisation of investments in order to maintain the tax status of the Company. These factors may affect the performance of the Company and the returns for investors. • The COVID-19 pandemic is likely to continue have a significant impact on the UK and global economy, affecting workers and businesses of all sizes. Despite the UK Government's fiscal measures and additional tax and other benefits to support small businesses, the Company's portfolio businesses may be adversely impacted by the pandemic, as too the returns for investors. • Investment in unquoted companies, which comprise most of the Company's portfolio of companies, by its nature, involves a higher degree of risk than investment in companies listed on the Official List. • Whilst it is the intention of the Board that the Company will continue to be managed so as to qualify as a VCT, there can be no guarantee that such status will be maintained. Failure to continue to meet the qualifying requirements could result in the Shareholders losing the tax reliefs available for VCT shares, resulting in adverse tax consequences. 			

Key Information on the Securities

What are the main features of the securities?

	Rights attaching to the securities	<p><u>As Regards Income:</u> The holders of the Shares as a class shall be entitled to receive such dividends as the Directors resolve to pay.</p> <p><u>As Regards Capital:</u> On a return of capital on a winding up or any other return of capital (other than on a purchase by the Company of its shares) the surplus capital and assets shall be divided amongst the holders of Shares pro rata according to the nominal capital paid up on their respective holdings of Shares.</p> <p><u>As Regards Voting and General Meetings:</u> Subject to disenfranchisement in the event of non-compliance with a statutory notice requiring disclosure as to beneficial ownership, each holder of Shares present in person or by proxy shall on a poll have one vote for each Share of which he or she is the holder.</p> <p><u>As Regards Redemption:</u> The Shares are not redeemable.</p>
	Seniority of securities	The New Shares that are the subject of the Offer will rank equally with the existing Shares in the event of an insolvency of the issuer.
	Restrictions on the free transferability of the securities	There are no restrictions on the free transferability of the New Shares.
	Dividend policy	Generally, a VCT must distribute by way of dividend such amount as to ensure that it retains not more than 15% of its income from shares and securities. The intention of the Board is to continue targeting payment of an annual 5% dividend yield based on the prevailing NAV per Share.
	Where will the securities be traded?	An application has been made to the FCA for the Shares issued pursuant to the Offer to be admitted to the premium segment of the Official List and a further application will be made to the London Stock Exchange for the Shares to be admitted to trading on the London Stock Exchange's main market for listed securities. It is expected that each such admission will become effective, and that dealings in the New Shares will commence, within 10 business days of their allotment.
	What are the key risks that are specific to the securities?	<p>Set out below is a summary of the most material risk factors specific to the securities</p> <ul style="list-style-type: none"> • There is no certainty that the market price of Shares will fully reflect their underlying NAV or that any dividends will be paid, nor should Shareholders rely upon any share buyback policy to offer any certainty of selling their Shares at prices that reflect the underlying NAV. • Although the existing Shares have been (and it is anticipated that the New Shares will be) admitted to the premium segment of the Official List and are (or will be) traded on the London Stock Exchange's market for listed securities, the secondary market for VCT shares is generally illiquid and Shareholders may find it difficult to realise their investment. • If a Shareholder disposes of his or her Shares within five years of issue, he or she will be subject to clawback by HMRC of any income tax reliefs originally claimed.

the gross sums invested in the Offer to Octopus. This is payable in the same way on all subscriptions to the Offer. From this sum Octopus will discharge all costs in respect of the Offer. In addition, there are then four options, which are determined by the circumstances of each investor and their explicit instructions, in respect of which payments can be made to advisers and other intermediaries. These are as follows:

1) A direct investment

Investors who have not invested their money through a financial intermediary/adviser and have invested directly into the Company.

In consideration for promoting the Offer, if an application is made directly (not through an intermediary) then the Company will pay Octopus an additional initial charge of 2.5% of the investment amount and an additional annual ongoing charge of 0.5% of the investment amount's latest NAV for up to nine years, provided the investor continues to hold the Shares.

2) An advised investment where advice is received for an upfront fee with an ongoing adviser charge

Investors who have invested in the Offer through a financial intermediary/adviser and have received upfront advice and will receive ongoing advice.

The Company can facilitate a payment on behalf of an investor to an intermediary/adviser (an 'initial adviser charge') of up to 2.5% of the investment amount. If the investor has agreed with his/her intermediary/adviser to pay a lower initial adviser charge, the balance (up to a maximum of 2.5%) will be used for the issue and allotment of New Shares for the investor, issued at the most recently announced NAV per Share, divided by 0.945 as described above.

The Company can also facilitate annual payments to an intermediary/adviser ('ongoing adviser charges') in respect of ongoing advisory services provided by the intermediary/adviser to the investor of up to 0.5% per annum of the investment amount's latest NAV for up to nine years, whilst the investor continues to hold the Shares. If the investor chooses to pay their adviser less than 0.5% annually, the remaining amount will be used for the issue and allotment of additional Shares for the investor, at the most recently announced NAV per Share. Any residual amount less than the cost of a Share will be donated to charity approved by the Board.

If the investor terminates his relationship with the intermediary/adviser then the Company will not make any further payments of ongoing adviser charges to that intermediary/adviser. The Company will facilitate ongoing adviser charges to a new adviser if an investor changes their adviser and requests the ongoing adviser charge to be paid to their new adviser.

3) An advised investment where advice is received for an upfront fee with no ongoing adviser charge

Investors who have invested in the Offer through a financial intermediary/adviser and have received upfront advice, including investors who are investing through intermediaries/advisers using financial platforms.

Where an investor agreed an upfront fee only, the Company can facilitate a payment of an initial adviser charge of up to 4.5% of the investment amount. If the investor chooses to pay their intermediary/adviser less than the maximum initial adviser charge, the remaining amount will be used for the issue and allotment of additional Shares for the investor, issued at the most recently announced NAV per Share, divided by 0.945 as described above. In these circumstances the Company will not facilitate ongoing annual payments.

	<p>In both cases (2) or (3), should the investor choose to pay the adviser more than 2.5% or 4.5% respectively, the excess amount will have to be settled by the investor directly with the adviser.</p> <p>4) <u>A Non-advised investment using an intermediary</u> Investors who have invested their money through a financial intermediary and have not received advice.</p> <p>An initial commission of 2.5% of the investment will be paid by the Company to the intermediary. An annual ongoing charge of 0.5% of the investment amount's latest NAV will be paid by the Company to the intermediary. Such commission will be available for up to nine years provided that the intermediary continues to act for the investor and the investor continues to be the beneficial owner of the Shares.</p> <p>These charges may, according to the proportion of Advised Investors where advice is received for an upfront fee only, create some limited reduction of the NAV per Share immediately subsequent to subscriptions in the Offer being made. This effect will be mitigated, and is ultimately expected to be more than compensated, for continuing investors, by the expected benefits derived from a larger pool of investable funds and the financial benefit in subsequent periods of the absence of ongoing adviser charges in respect of such investments</p> <p>Dilution</p> <p>The existing issued Shares in the Company will represent 76.1% of the enlarged ordinary share capital of the Company immediately following the Offer, assuming that the Offer is fully subscribed, including the over-allotment facility, at an Offer Price of 54.0p, and on that basis Shareholders who do not subscribe under the Offer will, therefore, be diluted by 23.9%.</p>
<p>Why is this prospectus being produced?</p>	<p>The Company's success to date has highlighted that the model used by Octopus is one that can lead to returns in line with the Company's mandate. The Board believes that the Company's portfolio is well positioned to continue this trend, delivering regular income to those investors able to take a long-term view to investing in well-run, VCT qualifying companies predominantly in the UK. The funds raised under the Offer will be invested in accordance with the Company's investment policy. Some of the funds raised will be used to invest into new portfolio companies and some will be used to further support the Company's existing portfolio.</p> <p>The net proceeds of the Offer, assuming a £75 million subscription (with the over-allotment facility fully utilised) and the maximum initial charge, will be £69.375 million.</p> <p>The Offer is not subject to an underwriting agreement.</p> <p>No conflict of interest is material to the Offer.</p>

RISK FACTORS

Prospective investors should consider carefully the following risk factors in addition to the other information presented in this document. If any of the risks described below were to occur, it could have a material effect on the Company's business, financial condition or results of its operations. The risks and uncertainties described below are the only known material risks the Company or the Shareholders will face. Further risks, unknown by the Company, may exist. Any decision to invest under the Offer should be based on consideration of this document as a whole.

It can take a number of years for the underlying value or quality of the businesses of smaller companies, such as those in which the Company invests, to be fully reflected in their market values and their market values are often also materially affected by general market sentiment, which can be negative for prolonged periods. This may adversely affect the performance of the Company.

The Company's investments may be difficult, and take time, to realise. There may also be constraints imposed on the realisation of investments in order to maintain the VCT tax status of the Company, which may adversely affect the performance of the Company and the returns to investors.

The Company's' investee companies may be adversely impacted by the continuing effect of the COVID-19 pandemic, the UK Government's restrictions in response to the pandemic and the resulting disruption caused to consumer demand. Whilst the UK Government has provided financial support and implemented fiscal and other measures to support small businesses, the UK Government may vary significantly the restrictions it has imposed on business activities, the financial support it is currently providing to businesses and the other fiscal measures it has taken. The exact effect of these on the Company's investee companies is, therefore, difficult to predict. In addition, the general disruption caused by the virus may make it more difficult to value the Company's investments in investee companies on an on-going basis.

Investment in unquoted companies, by its nature, involves a higher degree of risk than investment in companies listed on the Official List. In particular, small companies often have limited product lines, markets or financial resources and may be dependent for their management on a small number of key individuals and may be more susceptible to political, exchange rate, taxation and other regulatory changes. In addition, the market for securities in smaller companies is usually less liquid than that for securities in larger companies, bringing with it potential difficulties in acquiring, valuing and disposing of such securities. Investment returns will, therefore, be uncertain and involve a higher degree of risk than investment in a company listed on the Official List.

Whilst it is the intention of the Board that the Company will continue to be managed so as to qualify as a VCT, there can be no guarantee that such status will be maintained. Failure to continue to meet the qualifying requirements could result in the Shareholders losing the tax reliefs available for VCT shares, resulting in adverse tax consequences including, if the holding has not been held for the relevant holding period, a requirement to repay the tax reliefs obtained. Furthermore, should the Company lose its VCT status, dividends and gains arising on the disposal of shares in the Company would become subject to tax and the Company would also lose its exemption from corporation tax on capital gains.

The Finance Act 2018 introduced a new "risk-to-capital" condition for Qualifying Investments, designed to focus investments towards earlier stage, growing businesses, and away from investments which could be regarded as lower risk. The Company may not make any prohibited non-qualifying investments, including those which breach the "risk-to-capital" condition, and the potential penalty for contravention of these rules can include loss of VCT status with a resultant clawback of VCT tax reliefs from investors. These changes may mean that there are fewer opportunities for investment and that the Company may not be able to provide further investment funds for companies already in their portfolios. Whilst HMRC have stated that VCT status will not be withdrawn where an investment is ultimately found to be non-qualifying if, after taking reasonable steps including seeking advice, a VCT considers that an investment is qualifying, violation of any of these conditions could result in the loss of VCT status by the Company or HMRC requiring rectification of the breach, which may mean the VCT is forced to dispose of the investment at a loss.

The Articles state that at the annual general meeting to be held in 2022, and at 5 year intervals, thereafter, an ordinary resolution will be proposed to the effect that the Company shall continue. If that resolution is not passed the Board will, within four months of such meeting, convene a general meeting at which a special resolution for the re-organisation or reconstruction of the Company will be proposed and if that resolution is not passed a special resolution will be proposed requiring the Company to be wound up voluntarily. This could result in Shareholders losing the tax reliefs available for VCT shares.

The Company will only pay dividends on Shares to the extent that it has distributable reserves and cash available for that purpose. A reduction in income from the Company's investments may adversely affect the dividends payable to Shareholders. Such a reduction could arise, for example, from lower dividends or lower rates of interest paid on the Company's investments, or lower bank interest rates than are currently available.

VCT status will be withdrawn if a dividend is paid (or other forms of distribution or payments are made to investors) from share capital or reserves arising from the issue of shares within three years of the end of the accounting period in which shares were issued to investors. This may reduce the amount of distributable reserves available to the Company to fund dividends and share buybacks.

The Offer is conditional on the approval by Shareholders of Resolutions 1 and 3 to be proposed at the General Meeting. If these Resolutions are not approved, the Offer will be withdrawn and the expected benefits of the Offer will not be realised and the Company will be responsible for the costs of the Offer.

Risk factors relating to the Shares

There is no certainty that the market price of Shares will fully reflect their underlying NAV or that any dividends will be paid, nor should Shareholders rely upon any Share buyback policy to offer any certainty of selling their Shares at prices that reflect the underlying NAV and there may be periods during a year where the Company will be prohibited from buying back Shares.

Although the existing Shares have been (and it is anticipated that the New Shares will be) admitted to the Official List and are (or will be) traded on the London Stock Exchange's market for listed securities, the secondary market for VCT shares is generally illiquid. Therefore, there may not be a liquid market (which may be partly attributable to the fact that initial tax reliefs are not available for VCT shares generally bought in the secondary market and because VCT shares usually trade at a discount to NAV) and Shareholders may find it difficult to realise their investment. An investment in the Company should, therefore, be considered as a long-term investment.

If a Shareholder disposes of his or her Shares within five years of issue, he or she will be subject to clawback by HMRC of any income tax reliefs originally claimed.

Tax relief on subscriptions for shares in a VCT is restricted where, within six months (before or after) that subscription, the investor had disposed of shares in the same VCT or a VCT which at the time of the subscription is known to be merging with the VCT. Existing Shareholders should be aware that the sale of existing Shares within these periods could, therefore, put their income tax relief relating to the New Shares at risk.

LETTER FROM THE CHAIR

Octopus Apollo VCT plc
6th Floor
33 Holborn
London
EC1N 2HT

30 September 2021

Dear Investor,

I am pleased to announce Octopus Apollo VCT's latest fundraise. With net assets of £225 million as at 31 July 2021 spread across around 40 companies, Octopus Apollo VCT plc is one of the largest VCTs in the UK¹, bringing a number of benefits to both our Shareholders and the smaller companies we back. The Company aims to provide investors with a dividend yield of 5% based on the prevailing NAV per Share through returns from its current portfolio of UK smaller companies and by making new investments in companies with high growth potential. In the 12 months to 31 July 2021, we deployed over £22 million into the investment portfolio and paid out over £13.2 million in dividends.

Accessing Smaller Companies through a VCT

For investors that are comfortable with the risk-reward profile of investments in unquoted smaller companies, a VCT can provide an attractive way to access these companies. The Company has a diversified portfolio of around 40 companies which means that the performance of a single investment does not drive the performance of the entire portfolio.

In addition to the above, the Government recognises the risk associated with this type of investment and has created a number of tax incentives to encourage investment from UK taxpayers. These tax benefits, on investments of up to £200,000 per year, if the investment is held for 5 years, include upfront income tax relief of 30% on the value of the investment, and tax-free dividends and capital gains. These benefits always remain subject to the VCT retaining its VCT qualifying status. Further details can be found in Part Two of the Prospectus.

Investment Approach

In 2020 there were estimated to be 6 million small and medium enterprises ('SMEs') in the UK² and, without targeted incentives for investors, many of the potential high growth businesses would struggle to access the capital that enables them to expand. As one of the more established investors in this area with over 15 years of experience in investing in such companies, Apollo has a relatively large pool of potential investment opportunities that might fit its investment mandate. The Company's investment manager, Octopus Investments Limited, can, therefore, be highly selective in choosing which companies to support. The investment team invest through a combination of equity and unsecured debt, weighted more heavily towards equity, giving Shareholders access to a different risk-return profile compared to a pure all-equity investment. The team considers over 300 investments a year and expects to only invest in around 10 investments per year, typically investing between £2 million and £10 million initially. It is against this backdrop that we are delighted to offer you an opportunity to subscribe for new Shares in Apollo.

Portfolio and Performance

The Company's investment strategy involves identifying smaller companies, typically operating with a business-to-business ("B2B") focus, that have already successfully commercialised with an established product offering and client base, and who are looking to expand and grow to the next level. The Manager targets companies with

recurring revenues, which are typically technology or technology-enabled companies. This in combination with the equity and unsecured debt investment, leads to a more resilient and less volatile return profile.

In the year to 31 July 2021 the Company had an annual return of 18.4% and an annual dividend yield of 7.8% (although it should be noted that due to COVID-19 there was a timing difference which resulted in three dividends being paid in the year. This is not expected to be repeated). The portfolio performed very well, driven by strong performance in the technology portfolio and demonstrable resilience against the effects of Covid pandemic. The Company also had a number of successful exits, both of the B2B software deals as well as continuing to exit a number of older legacy assets, including virtually all of its legacy holdings in energy generation.

Five Year Performance

Year to 31 July	2017	2018	2019	2020	2021
Total Return ¹	2.9%	-0.6%	2.7%	3.1%	18.4%
Dividend Yield ²	28.0% ⁴	22.3% ⁴	6.3%	3.2% ⁵	7.8% ⁵
Total Value ³	117.9p	117.5p	118.8p	120.2p	128.7p

The performance information above shows the annual total return, annual dividend yield and total value for the last five years to 31 July 2021.

¹ The annual total return is calculated from the movement in NAV over the year to 31 July plus dividends paid over the year. That figure is divided by the NAV at the start of that year to get the annual total return.

² The annual dividend yield is calculated by dividing the dividends paid per annum by the NAV at the start of the period. For this calculation the record date for each dividend is used, which is the cut-off date by which Shareholders must be on the shareholder register to receive the dividend. Note that depending when a record dates falls, some annual dividend calculations include three regular dividends for the year and others include only one.

³ Total value is calculated as the sum of the NAV per Share in pence and cumulative dividends per Share in pence since inception of the Company and this is shown above for the last five years to 31 July.

⁴ A special dividend of 16.5p per Share was paid in December 2016 and 10.7p per Share in November 2017.

⁵ Note only one dividend was paid in the year to 31 July 2020; and three dividends in the following 12 month period. This was due to timings differences caused by COVID and is not expected to be repeated.

The NAV is the combined value of the assets owned by the Company after deducting the value of its liabilities (such as debts and financial obligations). Performance shown is net of all fees and costs. Past performance is not a reliable indicator of future results and may not be repeated.

The intention of the Board is to continue targeting the payment of an annual 5% dividend yield based on the prevailing NAV per Share, as has been the case since September 2012.

Portfolio Activity

The Company deployed over £22.5 million in the year to 31 July 2021 into four new investments and seven follow-on investments. Since our interim period end on 31 July 2021 the Company has made two new investment and one follow on, totalling over £16 million of further investment. Apollo's investment in Turtl in early September, an enterprise software as a service provider which enables companies to produce high quality, brand-consistent and personalised marketing collateral quickly at scale, epitomises the Company's business to business technology strategy, which will continue to be the main focus of the investment team going forward.

The pipeline of B2B software deals continues to be exciting, with a further two deals in advanced stages as at the date of this document.

Exits

In the year to 31 July 2021 there were exits of 20 portfolio companies, generating total proceeds to the Company of over £37 million, including the sale of SimplyCook to Nestlé and HAS Technology to Access Group. Since 31 July 2021, there has been one partial exit.

As a result of these exits, the Board has declared a special dividend of 3.1p per Share and an interim dividend of 1.3p per Share to be paid on 14 January 2022 to those Shareholders on the Company's register at 31 December 2021.

COVID-19 Update

While the long-term effects of COVID-19 remain difficult to predict, in light of the recent performance the Board and the Manager remain optimistic about the current portfolio and the potential investment opportunities in the market. The portfolio's performance has been resilient during the recent period of uncertainty.

The technology-orientated nature of the investment portfolio and the characteristics of many of the businesses that the Company invests into, which often benefit from recurring revenues, means they are well-positioned to be more resilient from the direct impact of the pandemic (i.e. social distancing will have had a reduced impact on their business models). In addition, the portfolio has limited exposure to heavily-affected sectors such as hospitality, leisure, and consumer spending.

As such, COVID-19 will not have a direct impact on the investment policy of the Company. Apollo will continue to analyse potential investments (new and follow-on) with the same level of rigour and discipline ensuring that the companies continue to meet our criteria prior to making an investment. The Company will continue to back businesses that it believes in and that can grow in their markets.

Octopus Apollo Team

Through increased deployment of the Company's funds into target companies in recent years, Octopus' investment team have demonstrated their ability to find suitable businesses for the Company's investment strategy, with attractive positions in their markets and a strong commercial track record. The investment team typically adopt a defensive approach to structuring their investments, aiming to deliver less volatile returns across the portfolio than would normally be the case when investing in smaller businesses.

The investment team typically looks for investment opportunities where the following apply:

- A business that has been operating for around four to ten years that has proven there is a market for its product or service.
- Annual revenues of between £2-8 million, ideally recurring. This makes future revenues more predictable.
- A growing and diversified customer base, with a clear trajectory toward profitability.
- A clearly defined business model and a competitive edge. This may, for example, involve proprietary technology, industry-leading innovation or operating in a niche market.
- A business whose customers are other businesses. These companies are usually able to retain their customers well.
- A strong management team with extensive industry experience.

The investment team has a proactive approach towards seeking new opportunities through desk-based research and through contacts in the SME investing and advisory community. They typically see over 300 potential

investment opportunities per annum which they evaluate to see if they suit the Company's investment mandate. The investment team uses a rigorous screening and due diligence process, including commissioning independent technical experts to supplement the research undertaken by the team. Investments also require the approvals of various investment committees within Octopus.

The Offer

The Company is seeking to raise £40 million under the Offer, with an over-allotment facility of a further £35 million, subject to demand. The Offer is intended for investors looking for the potential to generate tax-free capital growth from a portfolio of around 40 investments focused on smaller, UK-based companies with high growth potential.

The Offer is conditional upon the passing by the Shareholders of Resolutions 1 and 3 at the General Meeting.

I would like to thank all of our existing Shareholders for their continuing support of the Company and the UK's small businesses. I confirm that I shall be investing in this fundraise as I have done in all previous ones.

Yours faithfully

Introduction to the Offer

VCTs were introduced by the UK Government in 1995 to encourage individuals to invest in UK smaller companies. According to the Association of Investment Companies (AIC), £685 million was invested in VCTs in the 2020/2021 tax year, the fourth highest amount since VCTs' inception and an 11% increase on the previous year.

An investment under the Offer will provide individuals with exposure to a diversified portfolio of unquoted smaller companies with the aim of generating returns over the medium to long-term. The net proceeds of the Offer will be invested in accordance with the Company's investment policy, as set out below.

The Company is seeking to raise £40 million under the Offer, with a £35 million over-allotment facility subject to demand. Both new and existing investors can apply for New Shares, which will rank equally with the existing Shares. As such, all investors are accessing a well-established existing investment portfolio. The Offer Price will be based on the most recently published NAV of a Share at the date of allotment. Multiple applications are permitted.

The minimum investment is £5,000. There is no maximum investment. However, potential investors should be aware that tax relief is only available on a maximum investment of £200,000 in each tax year. A married couple, can each invest up to £200,000 in any one tax year with both individuals benefiting from the tax reliefs.

The Offer is conditional upon the passing by Shareholders of Resolutions 1 and 3 at the General Meeting.

Terms of the Offer

The full terms and conditions applicable to the Offer are set out on pages 64 to 70.

Use of Funds

The aggregate net proceeds of the Offer, assuming a £75 million subscription and the maximum initial charge, will be £69.375 million.

The funds raised under the Offer will be invested in accordance with the Company's investment policy. Some of the funds raised will be used to invest into new portfolio companies and some will be used to further support the Company's existing portfolio.

Intermediary Charges

Details are set out in the Terms and Conditions of the Offer on pages 64 to 70.

Investment Strategy

The Company's investment strategy involves identifying smaller companies, typically operating with a business-to-business focus, that have already successfully commercialised with an established product offering and client base, and who are looking to expand and grow to the next level. The Manager targets companies with recurring revenues, which are typically technology or technology-enabled companies. This in combination with the equity and unsecured debt investment, leads to a more resilient and less volatile return profile.

Investment Policy

The Company's Investment Policy is as follows.

The Company's investment policy is designed to enable the Company to comply with the VCT qualifying conditions. It invests predominantly in unquoted smaller companies and expects that this will continue to make up the significant majority of the portfolio. It will also retain holdings in cash or near cash investments to provide a reserve of liquidity which will maximise the Company's flexibility as to the timing of investment acquisitions and disposals, dividend payments and share buybacks.

Unquoted investments are structured using various investment instruments, including ordinary and preference shares, loan stocks and convertible securities, to achieve an appropriate balance of income and capital growth, having regard to the VCT legislation. The portfolio is diversified by investing in a broad range of industry sectors. The normal investment period into portfolio companies is expected to be typically between the range of three to seven years. Any uninvested funds are typically held in cash, money market funds, Open Ended Investment Companies (OEICs) and similar investment vehicles.

Although the Directors cannot be sure of the overall impact of the Coronavirus pandemic on the investment portfolio and performance over the medium term, the Directors spread the risk of the portfolio by investing in a diversified range of portfolio companies using a variety of securities. Concentration risk is mitigated by ensuring that, at the point of investment, no more than 15% of Apollo by value will be in any one investment, complying with the HMRC rules.

The value of individual investments is expected to increase over time as a result of trading progress and a continuous assessment is made of investments' suitability for sale. This is a two-fold assessment, to ensure that the Company optimises the time for the sale and for comfort on the liquidity of unquoted investments if ever cash is required. The Company's VCT qualifying investments are held with a view to long-term capital growth as well as income generation and will often have limited marketability. As a result it is possible that individual holdings may grow in value to the point where they represent a significantly higher proportion of total assets prior to a realisation opportunity being available.

Investments are made using shareholders' funds and it is not currently intended that the Company will take on any long-term borrowings.

Tax Benefits for Investors

VCTs are Government-led investment vehicles designed to incentivise investors for supporting smaller, higher-risk companies. Qualifying investors are entitled to claim a number of tax incentives on investments up to £200,000 each tax year (as more fully set out in Part Two of this document). These include:

- Income tax relief – investors can claim 30% upfront income tax relief on the amount invested, provided Shares are held for at least five years. For example, with an investment of £10,000, £3,000 can be taken off their income tax bill although the amount of income tax relief they can claim cannot exceed the amount of income tax due.
- Tax-free dividends and capital gains - meaning that any growth in the portfolio value or any dividends paid to them are not subject to tax.

Dividend Policy and Dividend Reinvestment Scheme

VCTs are only able to make dividend payments from distributable reserves. These distributions are not subject to any further tax to Qualifying Subscribers. In order to qualify as a VCT, the Company may not retain more than 15% of the income it receives from shares and securities.

The amount of these dividends depends, amongst other things, on the level of income and capital returns generated by the Qualifying Investments, the performance of the non-Qualifying Investments and the amount raised by the Offer. In the medium to long-term the size of dividends paid to Shareholders will depend largely on the level of profits realised from the disposal of investments.

The Company is targeting to deliver a regular annual dividend and to retain its historic 5% dividend yield based on the prevailing NAV per Share. The Company has adopted a Dividend Reinvestment Scheme ("DRIS") under which Shareholders are given the opportunity to reinvest future dividend payments by way of subscription for new Shares. Subject to a Shareholder's personal circumstances, Shares subscribed for under the DRIS should obtain the usual VCT tax advantages as set out above. The terms and conditions of the DRIS are set out in Annex I to this document.

Investors under the Offer may elect to participate in the DRIS by completing the dividend reinvestment section of the Application Form, and should be aware that it will apply to their entire holding of New Shares and any existing Shares. Participation in the DRIS by a Shareholder can be cancelled at any time with written authority from the Shareholder or by calling Octopus on 0800 316 2295.

Buyback Policy

The Board also intends to continue to consider repurchasing Shares of up to 14.99% of its share capital in any year for the purposes of the general buyback policy. The Board believes that it is in the best interests of the Company and the Shareholders to make occasional market purchases of its Shares, to allow any Shareholders who need to sell their Shares to do so and to reduce any discount to NAV in the prevailing market Share price. The Board will agree the discount to NAV at which Shares will be bought back and regularly reviews the buyback policy. The Board's current policy is to buy back shares at a 5% discount to NAV. The discount to NAV is also inclusive of the broker fee charged by Panmure Gordon (the Company's corporate broker) for facilitating the sale.

Any future repurchases will be made in accordance with guidelines established by the Board from time to time and will be subject to having the appropriate authorities from Shareholders and sufficient funds available for this purpose. All buybacks are subject to the discretion of the Board. There may, however, be periods during a year where the Company will be prohibited from buying back Shares and which may include the periods of up to four months after its financial year end and up to three months after its half year end. Share buybacks will also be subject to the Listing Rules and any applicable law at the relevant time. Therefore, communicated dates may change at short notice for a number of reasons including these. Shares bought back in the market will ordinarily be cancelled.

The Octopus Apollo Team

Octopus Investments Limited was launched in 2000 by three founders who wanted to create an investment company that put its customers first. As at 30 June 2021 it had more than 750 employees and over £10 billion in

assets under management (Source: Octopus investments Limited, 30 June 2021). Management Remuneration

Full details of the Manager's remuneration are set out at paragraph 8.5 of Part Five.

Performance History

Apollo targets capital growth from a portfolio of proven UK businesses. However, like most VCTs, it aims to return this investment performance back to Shareholders in the form of tax-free dividends. It targets a dividend yield of 5% per year based on the prevailing NAV per Share as well as offering investors the potential for special dividends, although these are not guaranteed. Since its launch in 2006, it has announced total cumulative dividends of 82.1p per Share to investors.

Five Year Performance

Year to 31 July	2017	2018	2019	2020	2021
Total Return ¹	2.9%	-0.6%	2.7%	3.1%	18.4%
Dividend Yield ²	28.0% ⁴	22.3% ⁴	6.3%	3.2% ⁵	7.8% ⁵
Total Value ³	117.9p	117.5p	118.8p	120.2p	128.7p

The performance information above shows the annual total return, annual dividend yield and total value for the last five years to 31 July 2021.

¹ The annual total return is calculated from the movement in NAV over the year to 31 July plus dividends paid over the year. That figure is divided by the NAV at the start of that year to get the annual total return.

² The annual dividend yield is calculated by dividing the dividends paid per annum by the NAV at the start of the period. For this calculation the record date for each dividend is used, which is the cut-off date by which Shareholders must be on the shareholder register to receive the dividend. Note that depending on when a record dates falls, some annual dividend calculations include three regular dividends for the year and others include only one.

³ Total value is calculated as the sum of the NAV per Share in pence and cumulative dividends per Share in pence since inception of the Company and this is shown above for the last five years to 31 July.

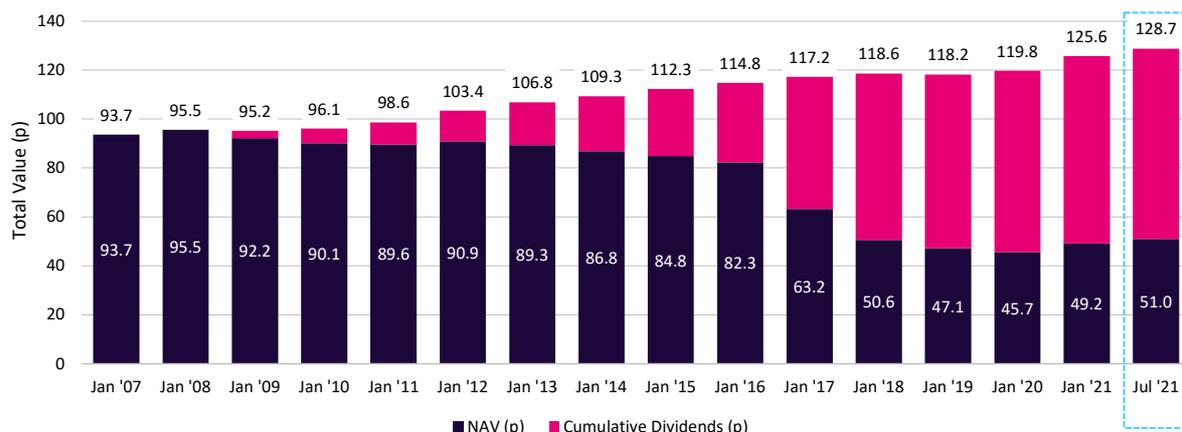

⁴ A special dividend of 16.5p per Share was paid in December 2016 and 10.7p per Share in November 2017.

⁵ Note only one dividend was paid in the year to 31 July 2020; three dividends were paid in the following 12 month period. This timings difference is not expected to be repeated.

The NAV is the combined value of the assets owned by the Company after deducting the value of its liabilities (such as debts and financial obligations). Performance shown is net of all fees and costs. Investors should always bear in mind that VCTs put their capital at risk, and investors may not get back the full amount they invest.

In addition the Board has declared a special dividend of 3.1p per Share and an interim dividend of 1.3p per Share to be paid on 14 January 2022 to those Shareholders on the Company's register at 31 December 2021.

The Safeguarding Company

What The Safeguarding Company does

The Safeguarding Company provides safeguarding software to schools and organisations in the UK and internationally. One of the big challenges that caregivers face is sharing information that might help keep children and vulnerable adults safe. Organisations such as police, schools, social services and hospitals all use different systems, which means a lot of caregivers' time is spent filling out manual paperwork to keep other organisations up to date. This process means information is easily lost or out of date, which can impact quality of care for those at-risk.

The Safeguarding Company helps solve this problem

Their software MyConcern allows staff to easily record, report and manage their wellbeing concerns. This reduces the risk of information loss and enables caregivers to spend more time caring for those that need them most.

Why Apollo likes it

There is a strong alignment of values between The Safeguarding Company and Octopus. Their products play an integral part in keeping people safe on a daily basis, ultimately improving the lives of some of the most vulnerable in society.

Apollo also likes that the management team know their sector inside out. The co-founders are ex senior Police Officers with over 70 years' combined experience in child and vulnerable adult safeguarding. This gives the company a deep understanding of the challenges of safeguarding across multiple institutions. Under the direction of a highly experienced Chief Technology Officer, the company has also built an impressive digital proposition which means that caregivers have the knowledge required to keep people safer.

What Apollo's fund managers say

Richard Court, Fund Manager, Octopus Apollo VCT

"We invested in The Safeguarding Company due to its impressive mission-led management team, strong recurring revenue base and low customer churn. It was clear that the company had strong growth potential, both in the UK market and in new geographies. A major driver for us was having the opportunity to join the team in accelerating and extending protection to many more individuals and organisations."

Turtl

What Turtl does

Turtl is a software-as-a-service (SaaS) company which large businesses use to produce high quality, personalised and consistent marketing materials at scale. One of the major challenges large companies face is making sure their marketing materials represent their brand across multiple departments. Turtl helps solve this by enabling its clients to easily create master documents, which can then be personalised and distributed easily. This means that materials can be produced in a consistent way across departments such as marketing, sales and recruitment.

Another customer difficulty Turtl addresses is that traditional forms of printed marketing materials (such as brochures or magazines) don't work very well online. Turtl's product turns marketing materials into online interactive experiences through animation, sound and design. This leads to higher performing marketing and more insight into what is and isn't working for a company.

Why Apollo likes it

Apollo thinks it's an exciting time to be investing in marketing software. The COVID-19 pandemic has created a need for companies to improve the way they engage digitally with their customers and stakeholders. Not only is their approach to marketing technology innovative, but their data focus also means they can empower their clients to make smarter, faster business decisions. Apollo is also excited about the trajectory that Turtl has already shown. They already serve 182 companies and count well known firms such as Mazda, The Economist and mental health charity Mind as clients.

What our fund managers say

Edward Keelan, Investment Director, Octopus Ventures

"We're delighted to be partnering with Turtl. Its platform is helping ambitious companies scale their marketing quickly and efficiently. They offer a better way for customers to manage and digitise marketing materials, which is setting a gold standard for digital marketing within the industry. The management team have an impressive track record, with deep industry experience and the expertise to develop the product that large companies really need."

Apollo in Numbers

¹ Octopus Investments, 31 July 2021

² Octopus Investments, comparison of 2020 calendar year vs. 2019

Conflicts of interest

Octopus has built strong relationships with many of the companies in which the Company invests, and sometimes uses different sources of funding to invest in the same companies. This can present 'conflicts of interest', as explained below. With these relationships, there is a chance that the interests of one group of investors will be at odds, or present a conflict, with the interests of another group or with the interests of

Octopus. Conflicts of interest are sometimes unavoidable. In the first instance, Octopus will look to prevent them but if it cannot it will take action to manage, or mitigate, any effects.

The Company often places an Octopus employee on the board of the companies it invests in, either as an observer or a director. This means the Company is able to closely monitor the investment it has made on behalf of the Company's investors. It does, however, mean that as company directors, those employees have obligations to all shareholders (and sometimes creditors) of the company, and not just the Company's investors or lenders.

Octopus may receive fees from the companies that the Company invests in (for example, when making or selling an investment in a company, as well as for appointing a representative to the board of directors). The costs of all deals that do not proceed to completion are typically borne by either the company seeking funding or by Octopus, not by Apollo.

The Company's investment team may sometimes invest in other Octopus managed funds.

Octopus has a number of controls in place to manage conflicts of interest on behalf of investors where it can't be avoided:

- The investment committee makes sure investment decisions are in the best interests of investors, including how potential conflicts of interest are managed when they cannot be avoided as well as being responsible for the allocation policy under which it is determined how the investment is divided between different Octopus funds.
- In cases where there are a large number of conflicts of interest or they are particularly significant, proposals are reviewed by Octopus' conflicts committee, which is responsible for ensuring conflicts are handled appropriately, and whose members are independent of the Octopus Apollo Team and Apollo.
- As the Company is a publicly listed company, the Board is required to act independently and represent Shareholders' best interests at all times, and is ultimately responsible for ensuring the investment objectives and policy of Apollo are carried out.

PART TWO: TAX BENEFITS AND CONSIDERATIONS FOR INVESTORS

General

The following paragraphs apply to the Company and to individuals holding Shares as an investment who are the absolute beneficial owners of such Shares, and who are resident in the UK. They may not apply to certain classes of individuals, such as dealers in securities. The following information is based on current UK law and practice, is subject to changes therein, is given by way of general summary, and does not constitute legal or tax advice.

If you are in any doubt about your position, or if you may be subject to tax in a jurisdiction other than the UK, you should consult your financial adviser.

The tax reliefs set out below are available to individuals aged 18 or over who receive New Shares and where the New Shares acquired are within the investor's annual £200,000 limit. The reliefs are not available for investments in excess of £200,000 per tax year.

The Company has obtained approval as a VCT under Chapter 3 of Part 6 ITA 2007.

The Board considers that the Company has conducted its affairs and will continue to do so to enable it to qualify as a VCT.

Tax Position of Investors under the Offer

The tax reliefs set out below are those currently available to individuals aged 18 or over who subscribe for New Shares and will be dependent on personal circumstance. Whilst there is no specific limit on the amount of an individual's acquisition of shares in a VCT, tax reliefs will only be given to the extent that the total of an individual's subscriptions or other acquisitions of shares in VCTs in any tax year do not exceed £200,000. Qualifying investors who intend to invest more than £200,000 in VCTs in any one tax year should consult their professional advisers.

Tax Benefits for VCT investors

1. Income Tax

1.1 Initial Income Tax relief

An investor can acquire New Shares of up to a maximum of £200,000 under the Offer in each of 2021/22 and 2022/23 tax years. The relief is subject to an amount which reduces the investor's income tax liability for the tax year to nil. Each application creates an entitlement to income tax relief of 30% of the amount invested. To retain that relief the New Shares have to be held for 5 years.

The table below has been prepared for illustrative purposes only and does not form part of the summary of the tax reliefs contained in this section. The table shows how the initial income tax relief available can reduce the effective cost of an investment of £10,000 in a VCT to only £7,000, by a qualifying investor subscribing for VCT shares:

	Effective cost	Tax relief
Investor unable to claim any tax reliefs	£10,000	Nil
VCT investor able to claim full 30% income tax relief	£7,000	£3,000

Tax relief on subscriptions for shares in a VCT is restricted where, within six months (before or after) that subscription, the investor had disposed of shares in the same VCT or a VCT which at the time of the subscription is known to be merging with the VCT. Existing Shareholders should be aware that the sale of existing Shares within these periods could, therefore, put their income tax relief relating to the New Shares at risk.

1.2 Dividend relief

Dividends paid on ordinary shares in a VCT are free of income tax. VCT status will be withdrawn if a dividend is paid (or other forms of distribution or payments are made to investors) from the capital received by the VCT from that issue within three years of the end of the accounting period in which shares were issued to investors. Dividends paid from realised profits may be made without loss of VCT status. It is important to note that there may be a cost to re-issue a dividend payment and so it is important for investors to keep their address and bank details up to date

1.3 Withdrawal of relief

Relief from income tax on a subscription for VCT shares will be withdrawn if the VCT shares are disposed of (other than between spouses) within five years of issue or if the VCT loses its approval within this period. Dividend relief is not available for dividends paid in an accounting period during which the VCT loses its approval.

2. Capital Gains Tax

2.1 Relief from capital gains tax on the disposal of VCT shares

Disposing of a VCT share at a profit does not create a chargeable gain for the purposes of UK Capital Gains Tax. Similarly, disposing at a loss does not create an allowable loss for UK Capital Gains Tax.

3. Withdrawal of approval

If a company which has been granted approval as a VCT subsequently fails to comply with the conditions for approval as a VCT, approval may be withdrawn or treated as never having been given. In these circumstances, reliefs from income tax on the initial investment are repayable unless loss of approval occurs more than five years after the issue of the relevant VCT shares.

In addition, relief ceases to be available on any dividend paid in respect of profits or gains in an accounting period during or after which VCT status has been lost. Any gains on the VCT shares up to the date from which loss of VCT status is treated as taking effect will be exempt, but gains thereafter will be taxable.

4. Other tax considerations

4.1 Obtaining initial tax reliefs

The Company will provide each investor with a tax certificate which the investor may use to claim income tax relief. To do this, an investor must either obtain a tax coding adjustment from HMRC under the PAYE system, or wait until the end of the tax year and use their self assessment tax return to claim relief. Depending on their own circumstances, an investment in a VCT may enable self-employed investors to apply to reduce their payments on account. It is important to note that there may be a cost to replace tax certificates.

4.2 Shareholders not resident in the UK

Shareholders not resident in the UK should seek their own professional advice as to the consequences of making and holding an investment in the Company, as they may be subject to tax in other jurisdictions as well as in the UK.

5. Tax Position of the Company

A VCT has to satisfy a number of tests to qualify as a venture capital trust. A summary of these tests is set out below.

5.1 Qualification as a VCT

5.1.1 To qualify as a venture capital trust, a company must be approved as such by HMRC. To maintain approval, the conditions summarised below must continue to be satisfied throughout the life of the VCT:

- (i) the VCT's income must have been derived wholly or mainly from shares and securities (in the case of securities issued by a company, meaning loans with a five-year or greater maturity period);

- (ii) no holding in a company (other than a VCT or a company which would, if its shares were listed, qualify as a VCT) by the VCT may represent more than 15%, by value, of the VCT's total investments at the time of investment;
- (iii) the VCT must not have retained more than 15% of the income derived from shares or securities in any accounting period;
- (iv) the VCT must not be a close company. Its ordinary share capital must be listed on the main list of the London Stock Exchange or a regulated European market by no later than the beginning of the accounting period following that in which the application for approval is made;
- (v) at least 80%, by value, of its investments must be represented by shares or securities comprising Qualifying Investments. Funds raised by a further share issue are disregarded in judging whether this condition has been met for accounting periods ending no later than three years after the new issue;
- (vi) for share issues on or after 1 February 2019, at least 30% of the funds from those share issues must be invested in qualifying holdings by the anniversary of the end of the accounting period in which those shares were issued;
- (vii) for funds included in the requirement at (v) above, excluding investments made before 6 April 2018 from funds raised before 6 April 2011, at least 70%, by value, of the VCT's Qualifying Investments must be in "eligible shares", that is ordinary shares which carry no preferential rights to assets on a winding up and no rights to be redeemed although they may have certain preferential rights to dividends so long as those rights are non cumulative and are not subject to discretion;
- (viii) the VCT must not make an investment in a company which causes that company to receive more than £5 million of State Aid investment in the 12 months ending on the date of the investment (£10 million for a Knowledge Intensive Company);
- (ix) the VCT must not return capital to shareholders before the third anniversary of the end of the accounting period during which the subscription for shares occurs;
- (x) no investment can be made by the VCT into a company which causes that company to receive more than £12 million (£20 million for Knowledge Intensive Companies) of State Aid investment (including from VCTs) over the company's lifetime. A subsequent acquisition by the company of another company that has previously received Risk Finance State Aid can cause the lifetime limit to be exceeded;
- (xi) no investment can be made by the Company in a company whose first commercial sale was more than 7 years prior to date of investment, except where previous Risk Finance State Aid was received by the company within 7 years (10 years for a Knowledge Intensive Company) or where the company is entering a new product market or a new geographic market and a turnover test is satisfied;
- (xii) no funds received from an investment into a company can be used to acquire shares in another company nor another existing business or trade; and
- (xiii) the VCT must not make a non-Qualifying Investment other than those specified in section 274 ITA 2007.

"Qualifying investments" comprise shares or securities (including loans with a five year or greater maturity period but excluding guaranteed loans and securities) issued by unquoted trading companies which exist wholly or mainly for the purpose of carrying on one or more qualifying trades. The trade must be carried on by, or be intended to be carried on by, the investee company or a qualifying subsidiary at the time of the issue of the shares or securities to the VCT (and by such company or by any other subsidiary in which the investee company has not less than a 90% interest at all times thereafter). A company intending to carry on a qualifying trade must begin to trade within two years of the issue of shares or securities to the VCT and continue it thereafter. The definition of a qualifying trade excludes dealing in property, shares, securities, commodities or futures. It also excludes banking, insurance, receiving royalties or licence fees in certain circumstances, leasing, the provision of legal and accounting services, farming and market gardening, forestry and timber production, property development, shipbuilding, coal and steel production, operating or managing hotels or guest houses, generation of electricity, power or heat, production of fuel, nursing and residential care homes. The funds raised by the investment must be used for the purposes of the qualifying trade within certain time limits.

A qualifying investment can also be made in a company which is a parent company of a trading group where the activities of the group, taken as a whole, consist of carrying on one or more qualifying trades. Investee companies must have a permanent establishment in the UK. The investee company cannot receive more than £5 million (£10 million for a Knowledge Intensive Company) from VCTs or other State Aid investment sources during the 12 month period which ends on the date of the VCT's investment. The investee company's gross assets must not exceed £15 million immediately prior to the investment and £16 million immediately thereafter. The investee company must have fewer than 250 employees or 500 employees in the case of a Knowledge Intensive Company. Neither the VCT nor any other company may control the investee company. At least 10% of the VCT's total investment in the investee company must be in eligible shares, as described above. The company cannot receive more than £12 million (£20 million if the company is deemed to be a Knowledge Intensive Company) of State Aid investment (including from VCTs) over the company's lifetime. The company's first commercial sale must be no more than 7 years (10 years for a Knowledge Intensive Company) prior to the date of the VCT's investment, except where previous Risk Finance State Aid was received by the company within 7 years or where a turnover test is satisfied and the Company is using the funds to enter a new product market or a new geographic market. Funds received from an investment by a VCT cannot be used to acquire shares in another company nor another existing business or trade.

Companies whose shares are traded on AIM are treated as unquoted companies for the purposes of calculating qualifying investments. Shares in an unquoted company which subsequently becomes listed may still be regarded as a qualifying investment for a further five years following listing, provided all other conditions are met.

- 5.1.2 The risk-to-capital condition introduced in Finance Act 2018 requires that a Qualifying Company has long term growth plans and that the investment made by the VCT is at risk.

5.2 Taxation of a VCT

VCTs are exempt from corporation tax on chargeable gains. There is no restriction on the distribution of realised capital gains by a VCT, subject to the requirements of company law. VCTs will be subject to corporation tax on their income (excluding dividends received from UK companies) after deduction of attributable expenses.

The Shares shall entitle their holders to receive such dividends as the Directors may resolve to pay out of the net assets attributable to the Shares and from income received and accrued which is attributable to the Shares.

The Directors may, with the prior sanction of an ordinary resolution of the Company, offer Shareholders the right to elect to receive in respect of all or part of their holding of Shares, additional Shares credited as fully paid instead of cash in respect of all or part of such dividend or dividends and (subject as hereinafter provided) upon such terms and conditions and in such manner as may be specified in such ordinary resolution. The ordinary resolution shall confer the said power on the Directors in respect of all or part of a particular dividend or in respect of all or any dividends (or any part of such dividends) declared or paid within a specified period but such period may not end later than the date of the annual general meeting next following the date of the general meeting at which such ordinary resolution is passed.

14.1.4 Disclosure of Interest in Shares

If any Shareholder or other person appearing to be interested in Shares is in default in supplying within 14 days after the date of service of a notice requiring such member or other person to supply to the Company in writing all or any such information as is referred to in Section 793 of the CA 2006, the Directors may, for such period as the default shall continue, impose restrictions upon the relevant Shares.

The restrictions available are the suspension of voting or other rights conferred by membership in relation to meetings of the Company in respect of the relevant Shares and additionally in the case of a Shareholder representing at least 0.25% by nominal value of any class of Shares of the Company then in issue, the withholding of payment of any dividends on, and the restriction of transfer of, the relevant Shares

14.1.5 Distribution of Assets on Liquidation

On a winding-up any surplus assets will be divided amongst the holders of each class of shares in the Company according to the respective numbers of shares held by them and in accordance with the provisions of the CA 2006, subject to the rights of any shares which may be issued with special rights or privileges.

The Articles provide that the liquidator may, with the sanction of a special resolution and any other sanction required by the CA 2006, divide amongst the members in specie the whole or any part of the assets of the Company in such manner as he may determine.

14.1.6 Changes in Share Capital

- (i) Without prejudice to any rights attaching to any existing shares, any share may be issued with such rights or restrictions as the Company may by ordinary resolution determine or in the absence of such determination, as the Directors may determine. Subject to the CA 2006, the Company may issue shares, which are, or at the option of the Company or the holder are, liable to be redeemed.
- (ii) The Company may by ordinary resolution increase its share capital, consolidate and divide all or any of its share capital into shares of larger amount, sub-divide its shares or any of them into shares of smaller amounts, or cancel or reduce the nominal value of any shares which have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount so cancelled or the amount of the reduction.
- (iii) Subject to the CA 2006, the Company may by special resolution reduce its share capital, any capital redemption reserve and any share premium account, and may also, subject to the Act, purchase its own shares.
- (iv) The Company may by ordinary resolution convert any fully paid up shares into stock of the same class as the shares which shall be so converted, and reconvert such stock into fully paid up shares of the same class and of any denomination.

14.1.7 Variation of Rights

Whenever the capital of the Company is divided into different classes of shares, the rights attached to any class may (unless otherwise provided by the terms of issue of that class) be varied or abrogated either with the consent in writing of the holders of not less than three-fourths of the nominal amount of the issued shares of the class or with the sanction of a resolution passed at a separate meeting of such holders.

14.1.8 Directors

Unless and until otherwise determined by an ordinary resolution of the Company, the number of Directors shall not be fewer than two nor more than ten. The continuing Directors may act notwithstanding any vacancy in their body, provided that if the number of the Directors be fewer than the prescribed minimum the remaining Director or Directors shall forthwith appoint an additional Director or additional Directors to make up such minimum or shall convene a general meeting of the Company for the purpose of making such appointment.

Any Director may in writing under his hand appoint (a) any other Director, or (b) any other person who is approved by the Board as hereinafter provided, to be his alternate. A Director may at any time revoke the appointment of an alternate appointed by him. Every person acting as an alternate Director of the Company shall be an officer of the Company, and shall alone be responsible to the Company for his own acts and defaults, and he shall not be deemed to be the agent of or for the Director appointing him.

Subject to the provisions of the Statutes (as defined in the Company's articles of association), the Directors may from time to time appoint one or more of their body to be managing director or joint managing directors of the Company or to hold such other executive office in relation to the management of the business of the Company as they may decide.

A Director may continue to be or become a director or other officer, servant or member of any company promoted by the Company or in which they may be interested as a vendor, shareholder, or otherwise, and no such Director shall be accountable for any remuneration or other benefits derived as Director or other officer, servant or member of such company.

The Directors may from time to time appoint a chair of the Company (who need not be a Director of the Company) and may determine his duties and remuneration and the period for which he is to hold office.

The Directors may from time to time provide for the management and transaction of the affairs of the Company in any specified locality, whether at home or abroad, in such manner as they think fit.

14.1.9 Directors' Interests

14.1.9.1 A Director who is in any way, directly or indirectly, interested in a transaction or arrangement with the Company shall, at a meeting of the Directors, declare, in accordance with the CA 2006, the nature of his interest.

14.1.9.2. Provided that he has declared his interest in accordance with paragraph 14.1.9.1, a Director may be a party to or otherwise interested in any transaction or arrangement with the Company or in which the Company is otherwise interested and may be a director or other officer or otherwise interested in any body corporate promoted by the Company or in which the Company is otherwise interested. No Director so interested shall be accountable to the Company, by reason of his being a Director, for any benefit that he derives from such office or interest or any such transaction or arrangement.

14.1.9.3 A Director shall not vote nor be counted in the quorum at a meeting of the Directors in respect of a matter in which he has any material interest otherwise than by virtue of his interest in shares, debentures or other securities of, or otherwise in or through the Company, unless his interest arises only because the case falls within one or more of the following paragraphs:

- (a) the giving to him of any guarantee, security or indemnity in respect of money lent or an obligation incurred by him at the request of or for the benefit of the Company or any of its subsidiary undertakings;
- (b) the giving to a third party of any guarantee, security or indemnity in respect of a debt or an obligation of the Company or any of its subsidiary undertakings for which he has assumed responsibility in whole or in part under a guarantee or indemnity or by the giving of security;

- (c) any proposal concerning the subscription by him of shares, debentures or other securities of the Company or any of its subsidiary undertakings or by virtue of his participating in the underwriting or sub-underwriting of an offer of such shares, debentures or other securities;
- (d) any proposal concerning any other company in which he is interested, directly or indirectly, whether as an officer or shareholder or otherwise, provided that he and any persons connected with him do not to his knowledge hold an interest in shares representing 1% or more of any class of the equity share capital of such company or of the voting rights available to members of the relevant company;
- (e) any proposal relating to an arrangement for the benefit of the employees of the Company or any subsidiary undertaking which does not award to any Director as such any privilege or advantage not generally awarded to the employees to whom such arrangement relates; and
- (f) any arrangement for purchasing or maintaining for any officer or auditor of the Company or any of its subsidiaries insurance against any liability which by virtue of any rule of law would otherwise attach to him in respect of any negligence, breach of duty or breach of trust for which he may be guilty in relation to the Company or any of its subsidiaries of which he is a Director, officer or auditor.

14.1.9.4 When proposals are under consideration concerning the appointment of two or more Directors to offices or employment with the Company or any company in which the Company is interested the proposals may be divided and considered in relation to each Director separately and (if not otherwise precluded from voting) each of the Directors concerned shall be entitled to vote and be counted in the quorum in respect of each resolution except that concerning his own appointment.

14.1.10 Remuneration of Directors

14.1.10.1 The ordinary remuneration of the Directors shall be such amount as the Directors shall from time to time determine (provided that unless otherwise approved by the Company in general meeting the aggregate ordinary remuneration of such Directors, including fees, shall not exceed £100,000 per year) to be divided among them in such proportion and manner as the Directors may determine.

14.1.10.2 Any Director who, by request of the Directors, performs special services for any purposes of the Company may be paid such reasonable extra remuneration as the Directors may determine.

14.1.10.3 The emoluments and benefits of any executive Director for his services as such shall be determined by the Directors and may be of any description, including membership of any pension or life assurance scheme for employees or their dependants or, apart from membership of any such scheme, the payment of a pension or other benefits to him or his dependants on or after retirement or death.

14.1.11 Retirement of Directors

At the annual general meeting of the Company next following the appointment of a Director he shall retire from office. A Director shall also retire from office at or before the third annual general meeting following the annual general meeting at which he last retired and was re-elected. A retiring Director shall be eligible for re-election. A Director shall be capable of being appointed or re-appointed despite having attained any particular age and shall not be required to retire by reason of his having attained any particular age, subject to the provisions of the CA 2006.

14.1.12 Borrowing Powers

Subject as provided below, the Directors may exercise all the powers of the Company to borrow money and to mortgage or charge its undertaking, property and uncalled capital.

The Company's articles permit borrowings of amounts up to 50% of the aggregate of (i) the amount paid up (or credited as paid up) on the allotted or issued share capital of the Company and (ii) the amount standing to the credit of the reserves, whether or not distributable, after adding or deducting any balance standing to the credit or debit of the profit and loss account, as adjusted in accordance with the Company's articles of association.

14.1.13 Distribution of Realised Capital Profits

At any time when the Company has given notice in the prescribed form (which has not been revoked) to the Registrar of Companies of its intention to carry on business as an investment company ("a Relevant Period") the distribution of the Company's capital profits shall be prohibited. The Board shall establish a reserve to be called the capital reserve. During a Relevant Period, all surpluses arising from the realisation or revaluation of investments and all other monies realised on or derived from the realisation, payment or other dealing with any capital asset in excess of the book value thereof and all other monies which are considered by the Board to be in the nature of accretion to capital shall be credited to the capital reserve. Subject to the CA 2006, the Board may determine whether any amount received by the Company is to be dealt with as income or capital or partly one way and partly the other. During a Relevant Period, any loss realised on the realisation or payment or other dealing with investments, or other capital losses, and, subject to the CA 2006, any expenses, loss or liability (or provision therefore) which the Board considers to relate to a capital item or which the Board otherwise considers appropriate to be debited to the capital reserve shall be carried to the debit of the capital reserve. During a Relevant Period, all sums carried and standing to the credit of the capital reserve may be applied for any of the purposes for which sums standing to any revenue reserve are applicable except and provided that during a Relevant Period no part of the capital reserve or any other money in the nature of accretion to capital shall be transferred to the revenue reserves of the Company or be regarded or treated as profits of the Company available for distribution or applied in paying dividends on any shares in the Company. In periods other than a Relevant Period, any amount standing to the credit of the capital reserve may be transferred to the revenue reserves of the Company or be regarded or treated as profits of the Company available for distribution or applied in paying dividends on any shares in the Company.

The Company has not given notice in the prescribed form to the Registrar of Companies of its intention to carry on business as an investment company.

14.1.14 Duration of Company

- (i) The Directors shall procure that at the fifteenth annual general meeting of the Company (and thereafter at five yearly intervals) an ordinary resolution will be proposed to the effect that the Company shall continue in being. If such resolution is not passed the board shall within four months of that meeting convene a general meeting to propose either or both of the following:
 - (a) a special resolution for the reorganisation or reconstruction of the Company; or
 - (b) a special resolution to wind up the Company voluntarily.
- (ii) On any voluntary winding-up of the Company, the liquidator may, with the sanction of a special resolution and any other sanctions required by law, divide amongst the members in specie the whole or any part of the assets of the Company in such manner as he may determine.

14.1.15 General Meetings

The Directors may, whenever they think fit, convene a general meeting of the Company. A meeting may take place, if necessary, at more than one location and by electronic means. If within fifteen minutes (or such longer time not exceeding one hour as the chair of the meeting may decide to wait) from the time appointed for the meeting a quorum is not present, the meeting, if convened on the requisition of members, shall be dissolved and, in any other case, shall stand adjourned to such day (being not less than ten clear days) and at such time and place as the Board may determine. If at any such adjourned meeting a quorum is not present within fifteen minutes from the time appointed for the meeting, a member present in person or by proxy and entitled to vote shall be a quorum. The Articles allow meetings of the Company to take place, if necessary, by electronic means and at more than one location.

The chair may, with the consent of the meeting (and shall, if so directed by the meeting) adjourn any meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

14.2 CREST

CREST is a paperless settlement procedure enabling securities to be evidenced otherwise than by a certificate and transferred otherwise than by a written instrument. The Company's articles of association are consistent with CREST membership and allow for the holding and transfer of shares in uncertificated form subject to the Uncertificated Securities Regulations 2001. The New Shares have been made eligible for settlement in CREST.

15. SPECIFIC DISCLOSURES IN RESPECT OF CLOSED ENDED FUNDS

- 15.1 Octopus intends to use the proceeds of the Offer in accordance with the Company's objective of spreading investment risk and in accordance with the Company's Investment Policy. This Investment Policy is in line with the VCT Rules and the Company will not deviate from them in any material respect without Shareholder approval. Further, in accordance with the VCT Rules, the Company will invest in ordinary shares, in some cases in a small number of preference shares where applicable, and always in accordance with such rules.

- 15.2 The Company is authorised and regulated by the FCA as a self managed alternative investment fund. VCTs need to meet a number of conditions set out in tax legislation in order for the VCT tax reliefs to apply, and comply with the rules and regulations of the FCA.
- 15.3 The Company is regulated by the VCT Rules in respect of the investments it makes as described in Part Two of this document. The Company has appointed PricewaterhouseCoopers of 1 Embankment Place, London WC2N 6RH ("PwC") as its VCT status adviser. PwC will report to the Company as a part of its annual reporting obligations. In respect of any breach of the VCT Rules, the Company, together with PwC, will report directly and immediately to HMRC to rectify the breach and announce the same immediately to the Shareholders through a Regulatory Information Service provider.
- 15.4 The Company will not invest more than 15% of its gross assets in any single company, in accordance with the VCT Rules, nor will the Company control the companies in which it invests in such a way as to render them subsidiary undertakings.
- 15.5 The Company will not conduct any trading activity which is significant in the context of its group (if any) as a whole. No more than 10%, in aggregate, of the value of the total assets of the Company at the time an investment is made may be invested in other listed closed-ended investment funds, except where those funds themselves have published investment policies which permit them to invest no more than 15% of their total assets in other listed closed-ended investment funds.
- 15.6 The Board must be able to demonstrate that it will act independently of Octopus. A majority of the Board (including the chair) must not be directors, employees, partners, officers, or professional advisers of or to, Octopus or any company in Octopus's group or any other investment entity which they manage.
- 15.7 The Company will not invest directly in physical commodities.
- 15.8 The Company will not invest in any property collective investment undertaking.
- 15.9 Other than as provided for under its Investment Policy, the Company will not invest in any derivatives, financial instruments, money market instruments or currencies other than for the purposes of efficient portfolio management (i.e. solely for the purpose of reducing, transferring or eliminating investment risk in the underlying investments of the collective investment undertaking, including any technique or instrument used to provide protection against exchange and credit risks). No material changes may be made to the Company's investment policy described above without the prior approval of Shareholders by the passing of an ordinary resolution.
- 15.10 Octopus is responsible for the determination and calculation of the NAV of the Company on at least a six monthly basis.
- 15.11 The value of the Company's investments will be determined on a fair value basis. In the case of quoted securities, fair value is established by reference to the closing bid price on the relevant date or the last traded price, depending on convention of the exchange on which the investment is quoted. In the case of unquoted investments, fair value is established by using measures of value such as the price of recent transactions, earnings multiple and net assets. This is consistent with International Private Equity and Venture Capital valuation guidelines. The NAV of the Company will be communicated to Shareholders through a Regulatory Information Service at the same frequency as the determinations.

- 15.12 The calculation of the NAV of the Company's investments will only be suspended in circumstances where the underlying data necessary to value the investments of the Company cannot readily, or without undue expenditure, be obtained. Details of any suspension will be communicated to Shareholders through a Regulatory Information Service provider.

16. CORPORATE GOVERNANCE

The Association of Investment Companies Code of Corporate Governance (the "Code") published in 2019, which addresses the principles and provisions set out in the UK Corporate Governance Code published by the Financial Reporting Council in July 2018, applies to the Company. The Directors note that the Code acknowledges that it does not set out a rigid set of rules and that some provisions may have less relevance for investment companies and, in particular, consider some areas inappropriate due to the size and nature of the business of the Company. Accordingly, the provisions of the Code are complied with save that (i) the Company does not have a chief executive officer or a senior independent director (the Board does not consider this necessary for the size of the Company), (ii) the Company conducts on an annual basis a formal review as to whether there is a need for an internal audit function, however the Directors do not consider that an internal audit would be an appropriate control for a VCT (iii) the Company does not have a remuneration committee as it does not have any executive officers and as such the Board as a whole deals with any matters of this nature, (iv) as the Company has no major shareholders, the Shareholders are not given the opportunity to meet or engage with any non-executive Directors at a specific meeting other than the annual general meeting and (v) in view of their non-executive nature and the requirement under the Articles that all Directors are subject to election by Shareholders at the first annual general meeting after their appointment and that at every annual general meeting a third of those Directors who are subject to retirement by rotation shall retire from office, the Board considers that it is not appropriate for the Directors to be appointed for a fixed term, nor for them to be re-elected annually.

17. TAKEOVERS AND MERGERS

17.1 Mandatory takeover bids

The City Code on Takeovers and Mergers (the "Takeover Code") applies to all takeover and merger transactions in relation to the Company, and operates principally to ensure that shareholders are treated fairly and are not denied an opportunity to decide on the merits of a takeover, and that shareholders of the same class are afforded equivalent treatment. The Takeover Code provides an orderly framework within which takeovers are conducted and the Panel on Takeovers and Mergers (the "Panel") has now been placed on a statutory footing. The Takeovers Directive was implemented in the UK in May 2006 and since 6 April 2007 has effect through the CA 2006.

The Takeover Code is based upon a number of General Principles which are essentially statements of standards of commercial behaviour. General Principle One states that all holders of securities of an offeree company of the same class must be afforded equivalent treatment and if a person acquires control of a company the other holders of securities must be protected. This is reinforced by Rule 9 of the Takeover Code which requires a person, together with persons acting in concert with him, who acquires shares carrying voting rights which amount to 30% or more of the voting rights to make a general offer. "Voting rights" for these purposes means all the voting rights attributable to the share capital of a company which are currently exercisable at a general meeting. A general offer will also be required where a person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights, acquires additional shares which increase his percentage of the voting rights. Unless the Panel consents, the offer must be made to all other shareholders, be in cash (or have a cash alternative) and cannot be conditional on anything other than the securing of acceptances which will result in the offeror and persons acting in concert with him holding shares carrying more than 50% of the voting rights.

There are not in existence any current mandatory takeover bids in relation to the Company.

17.2 Squeeze out

Section 979 of the CA 2006 provides that if, within certain time limits, an offer is made for the share capital of the Company, the offeror is entitled to acquire compulsorily any remaining shares if it has, by virtue of acceptances of the offer, acquired or unconditionally contracted to acquire not less than 90% in value of the shares to which the offer relates and in a case where the shares to which the offer relates are voting shares, not less than 90% of the voting rights carried by those shares. The offeror would effect the compulsory acquisition by sending a notice to outstanding shareholders telling them that it will compulsorily acquire their shares and then, six weeks from the date of the notice, pay the consideration for the shares to the relevant Company to hold on trust for the outstanding shareholders. The consideration offered to shareholders whose shares are compulsorily acquired under the CA 2006 must, in general, be the same as the consideration available under the takeover offer.

17.3 Sell out

Section 983 of the CA 2006 permits a minority shareholder to require an offeror to acquire its shares if the offeror has acquired or contracted to acquire shares in a company which amount to not less than 90%, in value of all the voting shares in the company and carrying not less than 90% of the voting rights. Certain time limits apply to this entitlement. If a shareholder exercises its rights under these provisions, the offeror is bound to acquire those shares on the terms of the offer or on such other terms as may be agreed.

18. NOTIFICATIONS OF SHAREHOLDINGS

The provisions of disclosure guidance and transparency rule 5 ("DGTR 5") will apply to the Company and its Shareholders. DGTR 5 sets out the notification requirements for Shareholders and the Company where the voting rights of a Shareholder exceed, reach or fall below the threshold of 3% and each 1% thereafter up to 100%. DGTR 5 provides that disclosure by a Shareholder to the Company must be made within two trading days of the event giving rise to the notification requirement and the Company must release details to a regulatory information service as soon as possible following receipt of a notification and by no later than the end of the trading day following such receipt.

19. GENERAL

19.1 The estimated costs and expenses relating to the Offer, assuming full subscription, including full utilisation of the over-allotment facility, all investors being Advised Investors, and all choosing to pay their advisers a 2.5% upfront fee, payable by the Company is estimated to amount to approximately £4.125 million in aggregate. On the above assumptions, the aggregate total net proceeds of the Offer, after all fees, is expected to be approximately £70.875 million.

TERMS AND CONDITIONS

The following terms and conditions apply to the Offer. The section headed "Application Procedure" as set out below also forms part of these terms and conditions of Application.

1. The maximum amount to be raised by the Company is £75 million. The Offer is conditional upon the passing by Shareholders of Resolutions 1 and 3 at the General Meeting. The Offer will close earlier if fully subscribed. The Board reserves the right to close the Offer earlier and to accept Applications and issue New Shares at any time following the receipt of valid Applications. The minimum investment is £5,000.
2. The contract created with the Company by the acceptance of an Application (or any proportion of it) under the Offer will be conditional on acceptance being given by the Receiving Agents and admission of the New Shares allotted in the Company subject to the Offer to the Official List (save as otherwise resolved by the Board).
3. The right is reserved by the Company to present all cheques and banker's drafts for payment on receipt and to retain share certificates and Application monies pending clearance of successful Applicants' cheques and bankers' drafts. The Company may treat Applications as valid and binding even if not made in all respects in accordance with the prescribed instructions and the Company may, at its discretion, accept an Application in respect of which payment is not received by the Company. If any Application is not accepted in full or if any contract created by acceptance does not become unconditional, the Application monies or, as the case may be, the balance thereof (save where the amount is less than the Offer Price of one New Share will be donated to charity) will be returned (without interest) by returning each relevant Applicant's cheque or banker's draft or by crossed cheque in favour of the Applicant, through the post at the risk of the person(s) entitled thereto. In the meantime, Application monies will be retained by the Receiving Agents in a separate account.
4. By completing and delivering an Application Form, you:
 - I. irrevocably offer to subscribe for New Shares in the Company under the Offer in the monetary amount specified in your Application Form (or such lesser amount for which your Application is accepted), which shall be used to purchase the New Shares at the Offer Price on the terms of and subject to this document and subject to the memorandum and articles of association of the Company.);
 - II. agree that your Application may not be revoked and that this paragraph shall constitute a collateral contract between you and the Company which will become binding upon despatch by post to, or (in the case of delivery by hand) on receipt by, the Receiving Agents of your Application Form;
 - III. agree and warrant that your cheque or banker's draft may be presented for payment on receipt and will be honoured on first presentation and agree that if it is not so honoured you will not be entitled to receive certificates in respect of the New Shares allotted to you until you make payment in cleared funds for such New Shares and such payment is accepted by the Company in its absolute discretion (which acceptance shall be on the basis that you indemnify it and the Receiving Agents against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and you agree that, at any time prior to the unconditional acceptance by the Company of such late payment, the Company may (without prejudice to their other rights) rescind the agreement to subscribe such New Shares and may issue such New Shares to some other person, in which case you will not be entitled to any payment in respect of such New Shares, other than the refund to you, at your risk, of the proceeds (if any) of the cheque or banker's draft accompanying your Application, without interest;
 - IV. agree that if, following the issue of all or any New Shares applied for pursuant to the Offer, your remittance is not honoured on first presentation, the New Shares may, forthwith upon payment by Octopus (or such other person as it may nominate) of the Offer Price of those New Shares to the Company, be transferred to Octopus or such other person as Octopus may direct at the relevant Offer Price per New Share and any director of the Company is hereby irrevocably appointed and instructed to

complete and execute all or any form(s) of transfer and/or any other documents in relation to the transfer of those New Shares to Octopus or such other person as Octopus may direct and to do all such other acts and things as may be necessary or expedient, for the purpose of or in connection with, transferring title to those New Shares to Octopus, or such other person, in which case you will not be entitled to those New Shares or any payment in respect of such New Shares.

- V. agree that, in respect of those New Shares for which your Application is received and is not rejected, your Application may be accepted at the election of the Company either by notification to the London Stock Exchange of the basis of allocation and allotment, or by notification of acceptance thereof to the Receiving Agents;
- VI. agree that any monies refundable to you by the Company may be retained by the Receiving Agents pending clearance of your remittance and any verification of identity which is, or which the Company or the Receiving Agents may consider to be, required for the purposes of the Money Laundering Regulations and that such monies will not bear interest;
- VII. authorise the Receiving Agents to send share certificates and tax certificates in respect of the number of New Shares for which your Application is accepted and/or a crossed cheque for any monies returnable, by post, without interest, to your address set out in the Application Form and to procure that your name is placed on the register of members of the Company in respect of such New Shares. There may be a cost to replace share certificates and tax certificates;
- VIII. agree that all Applications, acceptances of Applications and contracts resulting therefrom shall be governed in accordance with English law, and that you submit to the jurisdiction of the English courts and agree that nothing shall limit the right of the Company or Octopus to bring any action, suit or proceeding arising out of, or in connection with any such Applications, acceptances of Applications and contracts in any other manner permitted by law or any court of competent jurisdiction;
- IX. confirm that, in making such Application, you are not relying on any information or representation in relation to the Company other than the information contained in this document and accordingly you agree that no person responsible solely or jointly for this document, the cover correspondence or any part thereof or involved in the preparation thereof shall have any liability for such information or representation (save for fraudulent misrepresentation or wilful deceit);
- X. irrevocably authorise the Receiving Agents to do all things necessary to effect registration of any New Shares subscribed by or issued to you into your name and authorise any representative of the Receiving Agents to execute any document required therefore;
- XI. agree that, having had the opportunity to read this document, you shall be deemed to have had notice of all information and statements concerning the Company and the Offer contained therein;
- XII. confirm that you have reviewed the restrictions contained in paragraph 6 below and warrant that you are not a "US Person" as defined in the United States Securities Act of 1933 ("Securities Act") (as amended), nor a resident of Canada and that you are not applying for any Shares with a view to their offer, sale or delivery to or for the benefit of any US Person or a resident of Canada;
- XIII. declare that you are an individual aged 18 or over;

- XVI. agree that Octopus will not treat you as its customer by virtue of your Application being accepted or owe you any duties or responsibilities concerning the price of the New Shares subject to the Offer or the suitability for you of an investment in New Shares subject to the Offer or be responsible to you for providing the protections afforded to its customers;
 - XVII. where applicable, authorise the Company to make on your behalf any claim to relief from income tax in respect of any dividends paid by the Company;
 - XVIII. declare that the Application Form has been completed to the best of your knowledge;
 - XIX. undertake that you will notify the Company if you are not or cease to be either a VCT qualifying subscriber or beneficially entitled to the New Shares;
 - XX. declare that a loan has not been made to you or any associate, which would not have been made or would not have been made on the same terms, but for you offering to subscribe for, or acquiring, New Shares under the Offer and that such New Shares are being acquired for bona fide commercial purposes and not as part of a scheme or arrangement, the main purpose of which is the avoidance of tax; and
 - XXI. agree that information provided on the Application Form may be provided to the registrars and Receiving Agents to process shareholdings details and send notifications to you. 5. No person receiving a copy of this document, covering correspondence or an Application Form in any territory other than the UK, may treat the same as constituting an invitation or offer to him, nor should he in any event use such Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to him or such Application Form could lawfully be used without contravention of any regulations or other legal requirements. It is the responsibility of any person outside the UK wishing to make an Application to satisfy himself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid by such territory.
 6. The New Shares have not been and will not be registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States of America, its territories or possessions or other areas subject to its jurisdiction (the "USA"). In addition, the New Shares have not been and will not be registered under the United States Investment Company Act of 1940, as amended. Octopus will not be registered under the United States Investment Advisers Act of 1940, as amended. No Application will be accepted if it bears an address in the USA.
 7. The basis of allocation will be determined by the Company (after consultation with Octopus) in its absolute discretion. The right is reserved by the Board to reject in whole or in part and scale down and/or ballot any Application or any part thereof including, without limitation, Applications in respect of which any verification of identity which the Company or Octopus consider may be required for the purposes of the Money Laundering Regulations has not been satisfactorily supplied. Dealings prior to the issue of certificates for New Shares will be at the risk of Applicants. A person so dealing must recognise the risk that an Application may not have been accepted to the extent anticipated or at all.
 8. Money Laundering Regulations

Investors should be aware of the following requirements in respect of the above law.

Under the Money Laundering Regulations, Octopus is required to check the identity of clients who invest over the sterling equivalent of €15,000 (approximately £[13,000] as at the date of this document) or who invest using third party cheques. Octopus may therefore undertake an electronic search for the purposes of verifying your identity. To do so Octopus may check the details you supply against your particulars on any database (public or other) to which Octopus has access. Octopus may also use your details in the future to assist other companies for verification purposes. A record of this search will be retained. If Octopus cannot verify your identity it may ask for a recent, original utility bill and an original HMRC tax notification or a copy of your passport certified by a bank, solicitor or accountant from you or a client verification certificate from your independent financial adviser.

If within a reasonable period of time following a request for verification of identity, and in any case by no later than 3.00 pm on the relevant date of allotment, Octopus has not received evidence satisfactory to it as aforesaid, Octopus, at its absolute discretion, may reject any such Application in which event the remittance submitted in respect of that Application will be returned to the Applicant (without prejudice to the rights of the Company to undertake proceedings to recover any loss suffered by it as a result of the failure to produce satisfactory evidence of identity).

Your cheque or bankers' draft must be drawn in sterling on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited, a member of the Scottish Clearing Banks Committee or the Belfast Clearing Committee or which has arranged for its cheques or bankers' drafts to be cleared through facilities provided for by members of any of those companies or associations and must bear the appropriate sorting code in the top right hand corner. The right is reserved to reject any Application Form in respect of which the cheque or bankers' draft has not been cleared on first presentation.

9. Costs of the Offer

For all investors, the Offer Price per New Share will be determined by a formula reflecting the NAV per Share adjusted for an allowance for the majority of the costs of the Offer. The formula is: the most recently announced NAV per Share, divided by 0.945.

Applicants whose valid applications are received prior to 29 October 2021 will benefit from the costs of the Offer being reduced by 2%. Applicants will receive this reduction in the form of additional New Shares, which will be paid for by Octopus. Octopus may at its discretion further reduce the costs of the Offer or extend the above deadline.

Applicants whose valid applications are received on or after 29 October 2021 and prior to 10 December 2021 will benefit from the costs of the Offer being reduced by 1%. Applicants will receive this reduction in the form of additional New Shares, which will be paid for by Octopus. Octopus may at its discretion further reduce the costs of the Offer or extend the above deadline.

The Company announces its NAV on at least a six monthly basis. Where the share price for the Company has been declared ex-dividend on the London Stock Exchange, the NAV used for determining the Offer Price for the Company will be ex-dividend. In respect of the Offer, the NAV per New Share will be rounded up to one decimal place and the number of New Shares to be issued will be rounded down to the nearest whole number (fractions of New Shares will not be allotted). Where there is a surplus of application funds, these will be returned to applicants without interest, except where the amount is less than the Offer Price of one New Share in which case it will be donated to charity.

In consideration for promoting the Offer, the Company will pay an initial charge of 3% of the gross sums invested in the Offer to Octopus. This is payable in the same way on all subscriptions to the Offer. From this sum Octopus will discharge all external costs of advice and the Company's and their own costs in respect of the Offer. In addition, there are then four categories of options, which are determined by the

circumstances of each investor and their explicit instructions, in respect of which payments can be made to advisers and other intermediaries. These are as follows:

1) A direct investment

Investors who have not invested their money through a financial intermediary/adviser and have invested directly into the Company.

In consideration for promoting the Offer, if an application is made directly (not through an intermediary) then the Company will pay Octopus an additional initial charge of 2.5% of the investment amount and an additional annual ongoing charge of 0.5% of the investment amount's latest NAV for up to nine years, provided the investor continues to hold the Shares.

2) An advised investment where advice is received for an upfront fee with an ongoing adviser charge

Investors who have invested in the Offer through a financial intermediary/adviser and have received upfront advice and will receive ongoing advice.

The Company can facilitate a payment on behalf of an investor to an intermediary/adviser (an 'initial adviser charge') of up to 2.5% of the investment amount. If the investor has agreed with his/her intermediary/adviser to pay a lower initial adviser charge, the balance (up to a maximum of 2.5%) will be used for the issue and allotment of New Shares for the investor, issued at the most recently announced NAV per Share, divided by 0.945 as set out above.

The Company can also facilitate annual payments to an intermediary/adviser ('ongoing adviser charges') in respect of ongoing advisory services provided by the intermediary/adviser to the investor of up to 0.5% per annum of the investment amount's latest NAV for up to nine years whilst the investor continues to hold the New Shares. If the investor chooses to pay their adviser less than 0.5% annually, the remaining amount will be used for the issue and allotment of additional New Shares for the investor, at the then most recently announced NAV per Share. Any residual amount less than the cost of a New Share will be donated to a charity approved by the Board.

If the investor terminates their relationship with the intermediary/adviser then the Company will not make any further payments of ongoing adviser charges to that intermediary/adviser. The Company will facilitate ongoing adviser charges to a new adviser if an investor changes their adviser and requests the ongoing adviser charge to be paid to their new adviser

3) An advised investment where advice is received for an upfront fee with no ongoing adviser charge

Investors who have invested in the Offer through a financial intermediary/adviser and have received upfront advice including investors who are investing through intermediaries/advisers using financial platforms.

Where an investor agreed to an upfront fee only, the Company can facilitate a payment of an initial adviser charge of up to 4.5% of the investment amount. If the investor chooses to pay their intermediary/adviser less than the maximum initial adviser charge, the remaining amount will be used for the issue and allotment of additional New Shares for the investor, issued at the

most recently announced NAV per Share, divided by 0.945 as described above. In these circumstances the Company will not facilitate ongoing annual payments.

In both cases (2) or (3), should the investor choose to pay the adviser more than 2.5% or 4.5% respectively, the excess amount will have to be settled by the investor directly with the adviser.

4) A non-advised investment using an intermediary

Investors who have invested their money through a financial intermediary and have not received advice.

An initial commission of 2.5% of the investment will be paid by the Company to the intermediary. An annual ongoing charge of 0.5% of the investment amount's latest NAV will be paid by the Company to the intermediary. Such commission will be available for up to nine years provided that the intermediary continues to act for the investor and the investor continues to be the beneficial owner of the New Shares.

These charges may, according to the proportion of Advised Investors where advice is received for an upfront fee only, create some limited reduction of the NAV per Share immediately subsequent to subscriptions in the Offer being made. This effect will be mitigated and is ultimately expected to be more than compensated, for continuing investors, by the expected benefits derived from a larger pool of investable funds and the financial benefit in subsequent periods of the absence of ongoing adviser charges in respect of such investments.

The reinvestment arrangements relating to ongoing adviser charges which are described above will only operate for so long as an investor remains the holder of the New Shares. Any purchaser of those Shares will not benefit from the reinvestment arrangements set out above irrespective of the adviser charges which they have agreed with their adviser. This therefore means that any purchaser of New Shares will not benefit from the issue or allotment of any additional New Shares under the arrangements set out above.

Any additional New Shares which are issued under the arrangements which are described above will be issued in full and final satisfaction of any cash sums which would otherwise be due to the investor. The Company does not hereby accept or assume or undertake any liability or obligation of any nature whatsoever to any adviser as regards the payment of any adviser charges (whether such charges are initial adviser charges or ongoing adviser charges). The role of the Company is simply to facilitate such payments to the extent permitted by applicable rules and regulations.

The above payments are subject to any future changes in the applicable rules and regulations.

Example

On the assumption that an investor does not receive any advice in respect of their Application, an illustration of the pricing formula for an aggregate investment of £10,000 under the Offer (using the most recently published unaudited NAV of the Company as at the date of this document) is set out below:

Unaudited NAV as at the date of the Prospectus (p)	Offer Price (p)	Application (£)	Number of New Shares to be allotted
51.0	54.0	£10,000	18,518

The Offer Price may vary between allotments based on the movement in the published NAV of the Shares. The initial costs of the Offer are capped at 7.5% of the gross proceeds of the Offer. Octopus has agreed to indemnify the Company against the costs of the Offer in excess of this amount.

ANNEX I

TERMS AND CONDITIONS OF THE DIVIDEND REINVESTMENT SCHEME (THE "DRIS") OF THE COMPANY

1. Elections to participate in the DRIS should be addressed to the DRIS Administrator, Computershare Investor Services plc ("DRIS Administrator") in accordance with condition 11 and will only be effective for dividends to be paid 15 days following receipt of the election by the DRIS Administrator.
2.
 - (a) The Company, acting through the DRIS Administrator, shall have absolute discretion to accept or reject elections. An applicant shall become a member of the DRIS upon acceptance of his or her election by the DRIS Administrator on the Company's behalf ("Participants"). The DRIS Administrator will provide written notification if an election is rejected. Only registered shareholders of the Company ("Shareholders") may join the DRIS.
 - (b) The Company shall apply dividends to be paid to Participants on ordinary shares of 10p each ("Shares") in the Company in respect of which an election has been made in the allotment of further Shares. The DRIS Administrator shall not have the discretion, and Participants may not instruct the DRIS Administrator, to apply those dividends ("funds") towards any investments other than investment in Shares as set out in this condition 2(b).
 - (c) Participants who are Shareholders may only participate in the DRIS if all Shares registered in their name are mandated to the DRIS.
 - (d) By joining the DRIS, Participants instruct the DRIS Administrator that the mandate will apply to the full number of Shares held by them in respect of which the election is made, as entered onto the share register of the Company from time to time.
 - (e) In relation to new Shares to be allotted in relation to a dividend such Shares will only be allotted to the registered shareholder and not any beneficial holder. Nominee Participants shall not be entitled to instruct the DRIS Administrator to allot Shares to a beneficial holder (and Participants are advised to read condition 15 in respect of the consequences for VCT Tax reliefs).
3.
 - (a) On or as soon as practicable after a day on which a dividend on the Shares is due to be paid to a Participant or, if such day is not a dealing day on the London Stock Exchange, the dealing day thereafter ("Payment Date"), the Participant's funds held by the Company shall, subject to conditions 9, 10 and 19 overleaf and the Company having the requisite shareholder authorities to allot Shares, be applied on behalf of that Participant to subscribe for the maximum number of whole new Shares which can be allotted with the funds.
 - (b) The number of Shares to be allotted to a Participant pursuant to condition 3(a) above shall be calculated by dividing the Participant's funds by the greater of (i) the last published net asset value per existing Share or (ii) the mid market price per Share as quoted on the London Stock Exchange at the close of business on the 10th business day preceding the date of issue of such Shares. Shares will not be allotted at less than their nominal value.
 - (c) Fractional entitlements will not be allotted and any residual cash balance of less than the amount required to subscribe for a further new Ordinary Share, as set out in 3(b) above, will be donated to a registered charity at the discretion of the Company.
 - (d) The Company shall not be obliged to allot Shares under the DRIS to the extent that the total number of Shares allotted by the Company pursuant to the DRIS in any financial year would exceed 10% of the aggregate number of Shares on the first day of such financial year.
 - (e) The Company shall immediately after the subscription of Shares in accordance with the condition at 3(a) above take all necessary steps to ensure that those Shares shall be admitted to the Official

List and to trading on the premium segment of the main market of the London Stock Exchange, provided that, at the time of such subscription, the existing Shares in issue are so admitted to the Official List and to trading on the premium segment of the main market of the London Stock Exchange.

4. The DRIS Administrator shall as soon as practicable after the allotment of Shares in accordance with condition 3 procure (i) that the Participants are entered onto the Share Register of the Company as the registered holders of those Shares (ii) that share certificates (unless such Shares are to be uncertified) and, where applicable, income tax vouchers ("Tax Vouchers") are sent to Participants at their own risk and (iii) that Participants receive a statement detailing:
 - (a) the total number of Shares held at the record date for which a valid election was made;
 - (b) the number of Shares allotted;
 - (c) the price per Share allotted;
 - (d) the cash equivalent of the Shares allotted; and
 - (e) the date of allotment of the Shares.
5. All costs and expenses incurred by the DRIS Administrator in administering the DRIS will be borne by the Company.
6. Each Participant warrants to the DRIS Administrator that all information set out in the application form on which the election to participate in the DRIS is contained is correct and to the extent any of the information changes he or she will notify the changes to the DRIS Administrator and that during the continuance of his or her participation in the DRIS he or she will comply with the provisions of condition 7 below.
7. The right to participate in the DRIS will not be available to any person who is a citizen, resident or national of, or who has a registered address in, any jurisdiction outside the UK unless such right could properly be made available to such person. No such person receiving a copy of the DRIS documents may treat them as offering such a right unless an offer could properly be made to such person. It is the responsibility of any Shareholder wishing to participate in the DRIS to be satisfied as to the full observance of the laws of the relevant jurisdiction(s) in connection therewith, including obtaining any governmental or other consents which may be required and observing any other formalities needing to be observed in any such jurisdiction(s).
8. Participants acknowledge that the DRIS Administrator is not providing a discretionary management service. Neither the DRIS Administrator nor the Company shall be responsible for any loss or damage to Participants as a result of their participation in the DRIS unless due to the negligence or wilful default of the DRIS Administrator or the Company or their respective employees and agents.
9. Participants may:
 - (a) at any time by notice to the DRIS Administrator terminate their participation in the DRIS and withdraw any funds held by the Company on their behalf; and
 - (b) in respect of Shares they hold as nominee and subject to condition 2(e), give notice to the DRIS Administrator that, in respect of a forthcoming Payment Date, their election to receive Shares is only to apply to a specified amount due to the Participant as set out in such notice.

Such notices shall not be effective in respect of the next forthcoming Payment Date unless it is received by the DRIS Administrator at least 15 days prior to such Payment Date. In respect of notices under (a) above, such notice will be deemed to have been served where the Participant ceases to hold any Shares. Upon receipt of notice of termination, all funds held by the Company on the Participant's behalf shall be returned to the Participant as soon as reasonably practical at the address set out in

register of members, subject to any deductions which the Company may be entitled or bound to make hereunder.

10. The Company shall be entitled at its absolute discretion, at any time and from time to time to:
 - (a) suspend the operation of the DRIS;
 - (b) terminate the DRIS without notice to the Participants; and/or
 - (c) resolve to pay dividends to Participants partly by way of cash and partly by way of new Shares pursuant to the DRIS.

11. Participants who wish to participate in the DRIS in respect of new Shares to be issued pursuant to a prospectus or top-up offer document may tick the relevant box on the applicable application form.

Participants who wish to participate in the DRIS and who already have Shares issued to them held in certificated form, i.e. not in CREST, should complete and sign a Mandate Form and return it no later than 15 days prior to the dividend payment date to Capita Asset Services, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU. Personalised Mandate Forms can be obtained from Capita Asset Services at the address above or by telephoning +44 (0) 371 664 0324. Calls are charged at the standard geographic rate and will vary by provider. Calls outside the United Kingdom will be charged at the applicable international rate. Capita Asset Services are open between 9 am – 5.30 pm, Monday to Friday excluding public holidays in England and Wales.

Participants who wish to participate in the DRIS and who already have Shares issued to them held in uncertificated form in CREST (and were in uncertificated form as at the relevant record date), can only elect to receive a dividend in the form of new Shares by means of the CREST procedure to effect such an election. No other method of election will be permitted under the DRIS and will be rejected. By doing so, such Shareholders confirm their election to participate in the DRIS and their acceptance of the DRIS terms and conditions. If a Participant is a CREST sponsored member, they should consult their CREST sponsor, who will be able to take appropriate action on their behalf. All elections made through the CREST system should be submitted using the Dividend Election Input Message in accordance with the procedures as stated in the CREST Reference Manual. The Dividend Election Input Message submitted must contain the number of Shares on which the election is being made. If the relevant field is left blank or completed with zero, the election will be rejected. If a Participant enters a number of Shares greater than the holder in CREST on the relevant record date for dividend the system will automatically amend the number down to the record date holding. When inputting the election, a 'single drip' election should be selected (the Corporation Action Number for this can be found on the CREST GUI). Evergreen elections will not be permitted. Participants who wish to receive new Shares instead of cash in respect of future dividends, must complete a Dividend Election Input Message on each occasion otherwise they will receive the dividend in cash. Elections through CREST should be received by CREST no later than 5.00 pm on such date that is at least 15 days before the dividend payment date for the relevant dividend in respect of which you wish to make an election. Once an election is made using the CREST Dividend Election Input Message it cannot be amended. Therefore, if a CREST Shareholder wishes to change their election, the previous election would have to be cancelled.

12. A written mandate form will remain valid for all dividends paid to the Participant by the Company until such time as the Participant gives notice in writing to Capita Asset Services that he no longer wishes to participate in the DRIS.
13. The Company shall be entitled to amend the DRIS Terms and Conditions on giving one month's notice in writing to all Participants. If such amendments have arisen as a result of any change in statutory or other regulatory requirements, notice of such amendment will not be given to Participants unless in the Company's opinion the change materially affects the interests of the Participants. Amendments to the DRIS Terms and Conditions which are of a formal, minor or technical nature or made to correct a manifest error and which do not adversely affect the interests of Participants may be effected without notice.

14. By ticking the relevant election box and completing and delivering the application form, the Participant:
- (a) agrees to provide the Company with any information which it may request in connection with such application and to comply with legislation relating to venture capital trusts or other relevant legislation (as the same may be amended from time to time); and
 - (b) declares that a loan has not been made to the Participant on whose behalf the Shares are held or any associate of either of them, which would not have been made or not have been made on the same terms but for the Participant electing to receive new Shares and that the Shares are being acquired for bona fide investment purposes and not as part of a DRIS or arrangement the main purposes of which is the avoidance of tax.
15. Elections by individuals for Shares should attract applicable VCT tax reliefs (depending on the particular circumstances of an individual) for the tax year in which the Shares are allotted provided that the issue of Shares under the DRIS is within the investor's annual £200,000 limit. Participants and beneficial owners are responsible for ascertaining their own tax status and liabilities and neither the DRIS Administrator nor the Company accepts any liability in the event that tax reliefs are not obtained. Beneficial owners of shares held through nominees should obtain tax advice in relation to their own particular circumstances. The Tax Voucher can be used to claim any relevant income tax relief either by obtaining from the HM Revenue & Customs an adjustment to the Participant's tax coding under the PAYE system or by waiting until the end of the year and using the Self Assessment Tax Return.
16. The Company will subject to conditions 9, 10 and 19, issue Shares in respect of the whole of any dividend payable (for the avoidance of doubt irrespective of whether the amount of allotment is greater than any maximum limits imposed from time to time to be able to benefit from any applicable VCT tax reliefs) unless the DRIS Administrator has been notified to the contrary in writing at least 15 days before a Payment Date.
17. Shareholders electing to receive Shares rather than a cash dividend will be treated as having received a normal dividend. Shareholders qualifying for VCT tax reliefs should not be liable to income tax on shares allotted in respect of dividends from qualifying VCT shares.
18. For capital gains tax purposes, Shareholders who elect to receive Shares instead of a cash dividend are not treated as having made a capital disposal of their existing Shares. The new Shares will be treated as a separate asset for capital gains purposes.
19. The Company shall not be obliged to accept any application or issue Shares hereunder if the Directors so decide in their absolute discretion. The Company may do or refrain from doing anything which, in the reasonable opinion of the Directors, is necessary to comply with the law of any jurisdiction or any rules, regulations or requirements of any regulatory authority or other body, which is binding upon the Company or the DRIS Administrator.
20. The amount of any claim or claims a Participant has against the Company or the DRIS Administrator shall not exceed the value of such Participant's Shares in the DRIS. Nothing in these DRIS Terms and Conditions shall exclude the Company or the DRIS Administrator from any liability caused by fraud, wilful default or negligence. Neither the Company nor the DRIS Administrator will be responsible for:
- (a) acting or failing to act in accordance with a court order of which the DRIS Administrator has not been notified (whatever jurisdiction may govern the court order); or
 - (b) forged or fraudulent instructions and will be entitled to assume that instructions received purporting to be from an Shareholder (or, where relevant, a nominee) are genuine; or
 - (c) losses, costs, damages or expenses sustained or incurred by an Shareholder (or, where relevant, a nominee) by reason of industrial action or any cause beyond the control of the Company or the

DRIS Administrator, including (without limitation) any failure, interruption or delay in performance of the obligations pursuant to these DRIS Terms and Conditions resulting from the breakdown, failure or malfunction of any telecommunications or computer service or electronic payment system or CREST; or

(d) any indirect or consequential loss.

21. These DRIS Terms and Conditions are for the benefit of a Participant only and shall not confer any benefits on, or be enforceable by, a third party and the rights and/or benefits a third party may have pursuant to the Contracts (Rights of Third Parties) Act 1999 are excluded to the fullest possible extent.
22. All notices and instructions to be given to the DRIS Administrator shall be in writing and delivered or posted to Capita Asset Services, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU.
23. These DRIS Terms and Conditions shall be governed by, and construed in accordance with, English law and each Participant submits to the jurisdiction of the English courts and agrees that nothing shall limit the right of the Company to bring any action, suit or proceeding arising out of or in connection with the DRIS in any other manner permitted by law or in any court of competent jurisdiction.

Shareholders who are in any doubt about their tax position should consult their independent financial adviser.
